∨ MANTA RAYS

Picture a large, shadow-like creature gliding like an acrobat through crystal clear ocean waters. Strangely shaped, hauntingly beautiful and graceful, you have seen a manta ray, the largest of the ray species, reaching wing spans of more than 20 feet and weighing upwards of 2,000 pounds. Sheraton Keauhou Bay Resort & Spa provides a public viewing area for visitors to see the world-famous Keauhou Manta Rays as they feed just offshore most evenings. Through our activity partners Fair Wind Big Island Ocean Guides and Sea Paradise, a complimentary "*Manta Talk*" near the viewing area takes place nightly except Sundays just after sunset. For those who want a more "up close and personal" encounter with these enchanting creatures, the Manta Experience takes guests into the water for a nighttime snorkel or scuba dive excursion.

✓ FIRENESIA LUAU DINNER & SHOW

During *Firenesia*, presented by Island Breeze Productions, audiences are enraptured as they join a journey filled with excitement and danger from Kilauea's fiery lava to the weapons of war in Aotearoa (New Zealand). With skill, grace, drama and exhilarating dance, entertainers showcase the beauty of fire while inspiring performances tell a mesmerizing story.

Dinner features Hawaiian luau favorites such as lau lau, fish poke, lomi lomi salmon, poi and sweet potato salad along with contemporary fare which may include teriyaki steak, steamed fish, island fresh greens, tropical fruit, mai tais, and open bar.

✓ KEAUHOU CONVENTION CENTER

Sheraton Keauhou Bay Resort & Spa offers meeting, convention and incentive groups 36,000 square feet of options in modern facilities including the largest ballroom on the Kona coastline.
